Problems faced by Plantation Sector

1644. SHRI J. CHITHARANJAN:
SHRI V.V. RAGHAVAN:

Will the Minister of COMMERCE AND INDUSTRY be pleased to state:

(a) whether Government are aware of the deep crisis in the tea plantation sector affecting the planters, small farmers as well as the labour; and

(b) if so, the details thereof and what steps are being taken by Government to solve the problem?

THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE AND INDUSTRY (SHRI RAJIV PRATAP RUDI): (a) and (b) Yes, Sir. Government is aware of the problems being faced by the tea plantation sector in the country due to the low prices of tea both in North and South India. The reasons for low price are mainly attributed to low demand from domestic and export sectors, quality of tea produced particularly teas produced in bought leaf factories and increasing availability of low priced tea in the international market.

In order to give relief to the tea growers of the country the Government has taken the following steps:

- The allowance under the Section 33 AB of Income Tax Act has been increased from 20% to 40%.
- Excise duty on tea has been reduced from Rs.2 per Kg. to Rs. 1 per Kg. in the Budget 2002-03.
- A factory upgradation Scheme has been introdcued by the Tea Board to encourage production of good quality orthodox and non reconditional CTC teas in the country.
